

# REQUIREMENTS FOR YOUR ACADEMIC PROGRAM - <http://catalog.aacc.edu>

CATALOG YEAR  
2017-2018

**PROGRAM CODE:** AAS.EMT.EMT  
**PROGRAM NAME:** Paramedic Degree

**FACULTY CONTACT:** Claudia Clark  
**PROGRAM SCHOOL:** Health Sciences

AACC faculty developed the following charts to encourage greater success in your program of study. Why take classes in this order? The courses in the first column are designed to prepare you for courses in the second column and so on. Students with no developmental requirements in English or reading may register for a total of 18 credits per term. If you are a part-time student, you may take fewer credits by dividing the recommended courses across multiple terms to accommodate your schedule.

PREREQUISITES		GROUP 1 (FALL)				GROUP 2 (SUMMER)				GROUP 3 (FALL)				GROUP 4 (SPRING)				GROUP 5 (SUMMER)				
COURSE/ REQUIREMENT	CRED- ITS	COURSE/ REQUIREMENT	CRED- ITS	Term Taken	Grade	COURSE/ REQUIREMENT	CRED- ITS	Term Taken	Grade	COURSE/ REQUIREMENT	CRED- ITS	Term Taken	Grade	COURSE/ REQUIREMENT	CRED- ITS	Term Taken	Grade	COURSE/ REQUIREMENT	CRED- ITS	Term Taken	Grade	
BIO-230 or BIO-232 or BIO-234 <i>See note 1</i>	4	ENG-111 or ENG-115 or ENG-121 <i>See note 3</i>	3			ENG-112 or ENG-116 or elective (must have 60 credits for graduation) 	0-3			EMT-118 	13			EMT-119 	13			EMT-215 	5			
ACA-100 <i>See note 2</i>	1	CTA-100 or CTP-103	4			EMT-115 	2											EMT-270 	7			
		COM-111 or COM-116	3																			
		PSY-111	3																			
		Mathematics GER 	3-4																			

1. BIO-231 and BIO-232 or BIO-233 and BIO-234 may be substituted for BIO-230.
2. Or evidence of completion of 27 academic credits with a cumulative GPA of 2.0.
3. Successful completion of ENG-121 fully satisfies the English composition general education requirement.

**Note:** Minimum of 60 credit hours required for degree.

All prerequisite courses require a C or better.

EMT courses require a C or better.

General education courses in Group 1 may be taken prior to, concurrently or following the Paramedic course sequence.

This program has special admission requirements. Please refer to requirements listed below.

Where course choices exist within programs, transfer students should consult with an advisor and use transfer resources to make course choices consistent with the requirements of their intended transfer school.

This course has a credit course prerequisite. Specific course prerequisite information can be obtained by looking at the Course Descriptions section of the College Catalog or in the Schedule of Classes.

This course meets the diversity requirement or the diversity requirement can be met simultaneously as you satisfy this requirement. Only one diversity class is required to meet the diversity requirement. Courses which meet the diversity requirement can be found in General Education Requirements section of the College Catalog or by looking for the diversity symbol placed next to course descriptions in the Schedule of Credit Classes.

(GER) Information on courses that meet General Education Requirements (GER) can be found in General Education Requirements section of the College Catalog or by looking course descriptions in the Schedule of Credit Classes for the open book symbol and the name of the GER category.

## Admission Requirements

1. Attendance at a program [information session](#) or call **410-777-7310** for schedule. Detailed information regarding program, profession, admission and academic requirements and selection criteria will be discussed.
2. Submit a completed program application to Florestano Building Room 100.
3. For degree: Eligibility for a general education mathematics course (see [General Education Mathematics Requirements](#)).
4. Take the Arithmetic Placement Test and receive a score of 27 or higher or enroll in [MAT 005](#) and complete it with a grade of C or better.
5. A grade of C or better in prerequisite courses.
6. Must have a minimum adjusted grade point average (GPA) at 2.0 at this college.
7. Affiliation with Maryland Emergency Medical Services (EMS) jurisdiction.
8. Foreign educated students: must have college transcripts evaluated by one of the following credential evaluators: ECE (Educational Credential Evaluators) at [www.ece.org](http://www.ece.org) or WES (World Education Services) at [www.wes.org](http://www.wes.org).
9. Foreign educated students: must successfully pass the TOEFL (Test of English as a Foreign Language) with a minimum score of 550 (213 is the equivalent computer score and 79 is the equivalent Internet based score) OR must have completed the [ENG 111/ENG 112](#) or [ENG 115/ENG 116](#) or [ENG 121](#) course sequence with grades of "C" or better prior to applying to the program. Anne Arundel Community College's code for TOEFL is 5019.
10. Submission of current American Heart Association Basic Life Support CPR certification card.
11. Satisfactory completion of urine drug screen.

## Selection Criteria

Students will be admitted to the Paramedic course sequence each August on a rolling admission basis. Students will apply for the Paramedic program only after meeting all academic and admission criteria. Once the applicant's admission criteria have been verified, that student receives conditional acceptance for the next available seat. Applications will be rejected if incomplete. Incomplete applications will be sent back to the student and can be resubmitted once they are complete. Students need only apply once to the program, providing their application is complete. A future seat will be slotted for them once the student meets the criteria for admission.

To be considered for conditional acceptance, applicants must meet the following criteria:

- First consideration will be given to candidates whose resident address is in Anne Arundel County for at least three months prior to the date the application is submitted.
- Must satisfactorily complete all academic and admission requirements.
- Length of EMT certification and active affiliation with an EMS jurisdiction.
- Final acceptance into the program shall be contingent upon satisfactory completion of a criminal background check, health examination record, urine drug screen, and submission of current American Heart Association Basic Life Support CPR certification card by designated deadline.
- Information and deadline for completion will be sent in the applicant's conditional acceptance packet. These are **not** to be completed prior to acceptance notification.

## Technical Standards

Students who are conditionally accepted to this program of study will be required to submit a Health Examination Record completed by a physician, nurse practitioner or physician assistant validating that the student meets the technical standard of good physical and mental health as established by the School of Health Sciences, and verifying that the student is free of communicable diseases as evidenced by required immunizations/titers.

## CPR

Students must successfully complete the American Heart Association Basic Life Support (BLS) CPR certification course by designated deadline.

## Enrollment Restrictions

Limitations of health care facilities for clinical and field rotations necessitate enrollment restrictions.

Students enrolled in the Paramedic course sequence must comply with all Maryland Advanced Life Support Protocols and Regulations and maintain current certification as an Emergency Medical Technician (EMT) or Emergency Medical Technician-Intermediate (EMT-I). Students who fail to maintain current EMT and/or EMT-I certification or are decertified will not be eligible to continue in the program.

## Program Readmission and Completion

Degree-seeking students who have not been consecutively enrolled in the Paramedic curriculum must meet the curriculum requirements in effect at the time of application for graduation. Please refer to graduation requirements in the catalog.

An A.A.S. degree in Paramedic will only be granted to those students who have completed all EMT courses at this college. (The BIO requirement can be transferred from another accredited college.)

Students must complete any interrupted coursework within two years from last enrollment or all Paramedic courses must be repeated.

Other certificate and A.A.S. degree program requirements regarding re-entry after a lapse in program attendance are available from the EMT department.

## Articulation Agreement

Students may transfer up to 60 credits to the University of Maryland Baltimore County (UMBC) Emergency Health Services curriculum and up to a maximum of 64 credits to the Towson University Allied Health program in pursuit of an advanced degree. For information call the EMT department at **410-777-7310**.

## Health Sciences Programs

Application to the college and application to the health sciences programs are separate procedures. Admission to the following programs is selective: EMT-Intermediate, health information technology, LPN/Paramedic/Veterans to RN advanced placement, massage therapy, medical assisting, medical coding, medical laboratory technician, nursing (RN), paramedic, patient care technician/geriatric nursing assistant (PCT/GNA), pharmacy technician, phlebotomy, physical therapist assistant, physician assistant, practical nursing, radiologic technology and surgical technology. Consult the Admissions and Enrollment Development office or the School of Health Sciences for information on eligibility requirements and selection procedures, <http://www.aacc.edu/apply-and-register/credit-application/health-science-applicants/>.

## **Criminal Background Checks and Drug Screening**

All health sciences students who are offered admission and/or clinical placement will be required to submit to a complete criminal background check and urine drug screen. All student applicants' final acceptance in the program shall be contingent upon satisfactory completion of a criminal background check and of a urine drug screen.\*

All letters of acceptance shall state that the acceptance is conditional and contingent on submission to a criminal background check and urine drug screen - as may be required by the program - that results in satisfactory reports. If an accepted student tests positive for an illegal or un-prescribed drug, the student shall be denied admission or terminated from any health sciences program.

Separate, additional criminal background checks and urine drug screens may be required by clinical sites prior to placements. Students with an unsuccessful background check or urine screening who are denied by a clinical site that is required to meet program competencies shall be dismissed from the program and their registrations shall be withdrawn from courses related to the program of study. If the student tests positive for an illegal or un-prescribed drug, the student shall be denied admission or terminated from any health sciences program even if a denied placement was not required to meet program competencies. Successful reports of criminal background checks and urine drug screens do not assure eligibility for specific clinical site placement, program completion, and/or eligibility to sit for professional licensure/board examinations.

Students are reminded that licensing boards for certain health care occupations and professions may deny, suspend, or revoke a license or may deny the individual the opportunity to sit for an examination even if the individual has completed all program course work if it is determined that an applicant has a criminal history or has been convicted of, or pleads guilty, or pleads nolo contendere or the like to a felony or other serious crime.

Successful completion of a health sciences program of study at Anne Arundel Community College does not guarantee licensure, the opportunity to sit for a licensure examination, certification or employment in the relevant health care occupation.

Students may be automatically denied admission or, if enrolled, dismissed from the program if they have not been truthful or have provided inaccurate information on the application or on any other form or submission. Students who have questions or concerns are encouraged to contact the Health Sciences Admissions Office at [healthsciencesadmissions@aacc.edu](mailto:healthsciencesadmissions@aacc.edu).

\* Notwithstanding the statements herein regarding urine drug screens, as of September 2010, only certain programs will be requiring drug screening. AACC shall inform students which programs presently require them. However, AACC, at any time, has the right, upon notice, to require any and all students in any and all programs to comply with drug screening.

***Anne Arundel Community College and/or the School of Health Sciences reserves the right to revise requirements for admission into the Health Sciences programs, the selection criteria and procedures, and the required courses for programs of study as deemed necessary without prior notification.***
