AACC faculty developed the following charts to encourage greater success in your program of study. Why take classes in this order? The courses in the first column are designed to prepare you for courses in the second column and so on. Students with no developmental requirements in English or reading may register for a total of 18 credits per term. If you are a part-time student, you may take fewer credits by dividing the recommended courses across multiple terms to accommodate your schedule.

1. Successful completion of ENG-121 fully satisfies the English composition general education requirement.
2. Students may satisfy the computer competency requirement simultaneously with their computer technology requirement. Students who have otherwise demonstrated competence in computing and information technology must select a general education mathematics course, a general education computer technology course or a general education interdisciplinary course.
3. No more than 3 credits of physical activity may be used as electives.
4. One of two Biological & Physical Sciences courses must have a lab. GSS/PHY-115 recommended as a non-lab science.
5. Select 12 credits from Gender and Sexuality Studies discipline. The three letters used in course designation (GSS) indicate the discipline to which it belongs.
6. Any GSS course fills requirement; however, it is recommended students take GSS-102 or GSS-212 as these courses build on GSS-101 and continue to explore introductory components of the field.
7. No more than 3 credits of physical activity courses may be used as electives.
8. Any Social & Behavioral Science general education course fills the requirement but GSS/HIS-217 or GSS/HIS-218 is recommended.
9. Any Health/Fitness/Wellness general education course fills the requirement but GSS/HEA-113 or GSS/HEA-115 is recommended.
