AACC faculty developed the following charts to encourage greater success in your program of study. Why take classes in this order? The courses in the first column are designed to prepare you for courses in the second column and so on. Students with no developmental requirements in English or reading may register for a total of 18 credits per term. If you are a part-time student, you may take fewer credits by dividing the recommended courses across multiple terms to accommodate your schedule.

Certain departmental courses may only be offered in the day or evening and some may only be offered in the fall or spring semesters. So it is strongly recommended that students take those courses when offered in order to stay on track for their degree or certificate. Consult with ACH Department Chair for program advising questions and recommendations. Students are encouraged to contact the other departments for non-ACH course offerings listed.

This course has a credit course prerequisite. Specific course prerequisite information can be obtained by looking at the Course Descriptions section of the College Catalog or in the Schedule of Classes.
